EDUCATION

- BSc. Computer Science and Engineering**, Adama Science and Technology University 📄 May 2022 – Jun 2027 | Adama, Ethiopia
- **Relevant Coursework:** Python, Data Structures & Algorithms, Web development, Database Management System, Object-Oriented Programming.
- Software Engineering Trainee**, Africa to Silicon Valley 📄 Jan 2025 – Nov 2025 | Adama, Ethiopia
- A2SV, a **Google-backed** tech education and incubation, successfully placed **100+** students in top-tech companies such as Google, Bloomberg, Databricks, and LinkedIn.
 - Completed over **1000** hours of intensive training in Data Structures and Algorithms, tackling

PROFESSIONAL EXPERIENCE

- PLP July 2025 Cohort**, Power Learn Project — Software Engineering Intern 📄 Jul 2025 – Present | Remote
- Applied in Python, web development, databases, and software engineering through structured remote training.
 - Created **Deadline Tracker** 📄, a web app (**HTML, CSS, Flask, MySQL**) for assignment management with authentication, due-date analysis, and automated email notifications.
 - Collaborated with a **15+ country international cohort**, enhancing cross-cultural communication and teamwork through remote classes and projects.
- Software Engineering Intern**, Eskalate 📄 Jul 2025 – Sep 2025 | Adama, Ethiopia
- Launched the **G7 Intake Website** 📄 using **React.js, Next.js**, and Tailwind CSS, implementing role based authentication and **5** user dashboards (applicant, admin, manager, reviewer, profile) in a tight **7-day** sprint.
 - Delivered reusable UI components and **4** role-based systems in a 6-person agile team, achieving **90%+ mobile responsiveness**.
 - Developed the **web frontend of ShopAlly AI** 📄, a shopping assistant for AliExpress, enabling product comparison, price alerts, and streamlined user flows.
- IT Intern**, Commercial Bank of Ethiopia 📄 Jul 2024 – Sep 2024 | Addis Ababa, Ethiopia
- Configured **20+** workstations and installed software, boosting team productivity.
 - Assisted in router setup and troubleshooting, improving network reliability.

PROJECTS

- ShopAlly AI**, Frontend Developer 📄 Aug 2025 – Sep 2025
- Designed and implemented AI powered shopping assistant web application with **15-member** cross platform development team (Go backend, Flutter mobile, Next.js web).
 - Built **12+** React components for product comparison and AI recommendations using **Next.js, Redux**, and **Tailwind CSS**, implementing **4** custom hooks and **TypeScript** interfaces.
 - Established responsive, dark mode enabled UI with **6** main features and cross device compatibility
- Job Listing App**, Next.js, Tailwind, Redux Toolkit 📄 Jul 2025 – Aug 2025
- Built a fully responsive job listing platform with **Next.js** and **Tailwind CSS**, featuring multi route navigation, bookmarking, and time based sorting with **4+** main pages.
 - Integrated **Eskalate's API** using Redux Toolkit (**5+ endpoints**) and secured the app with **NextAuth**, while ensuring reliability through **Jest & Cypress** testing.

SKILLS

Programming Language — Python, C++, Java, JavaScript, TypeScript, MySQL |
Framework & Libraries — React.js, Next.js, Tailwind CSS | **Tools** — Postman, Git, Figma

LEADERSHIP AND EXTRACURRICULAR

- Data Science Bootcamp Mentor & Coordinator**, CSEC-ASTU 📄 Apr 2025 – Jun 2025
- Coordinated a bootcamp with **40+ students** and mentored **3 participants directly**, guiding them through data science concepts and ensuring smooth program delivery.
- Public Relations Officer**, CSEC-ASTU 📄 Apr 2024 – May 2025
- Promoted club events and activities through social media, and posters, and supported event planning to ensure high engagement and smooth execution.

CERTIFICATES

- Second Place - Cursor Hackathon Addis Ababa 2025** 📄
- Worked jointly with a team to design and present an innovative project, achieving **2nd place** among **50+** participants.
- Certificate Of Appreciation - Ethiopian Collegiate Programming Contest(ETCPC) 2024** 📄
- Recognized for exceptional contributions as a contest organizer for the Ethiopian Collegiate Programming Contest (ETCPC). Successfully planned and executed the event.
