

Kidist Ayele

Software Engineer

✉ kidistayut@gmail.com ☎ +251933004656  LinkedIn  GitHub 📍 Addis Ababa, Ethiopia

SKILLS

Programming Language: Python, C++, TypeScript/JavaScript | **Frameworks / Libraries:** Express.js, React.js, Next.js | **Databases / Tools:** MySQL, MongoDB, Git, CI/CD(Github Actions)

PROFESSIONAL EXPERIENCE

Frontend Developer, Eskalate  07/2025 – 09/2025 | Adama, Ethiopia

- Implemented **role based authentication (RBAC)** and multi dashboard routing in Next.js, supporting 3+ user roles with protected route guards and session management.
- Developed **15+ reusable React components** with Tailwind CSS in a 6-person agile team, achieving responsive layouts across mobile, tablet, and desktop viewports.
- Built **product comparison interface** with AI powered recommendation display, integrating backend APIs and client-side state management with Redux Toolkit.

Software Engineer, Power Learn Project(PLP)  07/2025 – 08/2025 | Remote

- Completed hands on **MERN stack** training (MongoDB, Express.js, React, Node.js) as part of an intensive software engineering program.
- Collaborated on team based projects through sprints, participating in code reviews and pair programming with developers from **15+ countries**.

IT Intern, Commercial Bank of Ethiopia  07/2024 – 09/2024 | Addis Ababa, Ethiopia

- Configured **20+ workstations** and installed software, boosting team productivity.
- Assisted in router setup and troubleshooting, improving network reliability.

PROJECTS

ShopAlly AI  08/2025 – 09/2025

AI-powered shopping assistant for AliExpress recommendations and alerts

- Developed **6+ responsive page interfaces** integrating backend APIs with TypeScript and Next.js, displaying **AI-synthesized product recommendations**.
- Enhanced user accessibility by implementing dark/light theme switching and **bilingual support (English/Amharic)**, expanding platform reach across diverse user preferences.
- Delivered the MVP as part of a **15-member** team in **2 weeks**.

Job Listing App 

Interactive job discovery application with real time data from Akil API

- Implemented responsive Next.js interface integrating **5 RESTful API** endpoints with Redux Toolkit for state management and NextAuth for secure **JWT based authentication**.
- Ensured code reliability through **28 automated tests** (Jest unit tests and Cypress E2E) covering API integration, component rendering, and user workflows.

EDUCATION

BSc. Computer Science and Engineering, 05/2022 – 07/2026 | Adama, Ethiopia

Adama Science and Technology University 

- **Relevant Coursework:** Data Structures & Algorithms, Web Development, Database Management Systems, Artificial

Competitive Programming and Coding Academy, Africa to Silicon Valley  01/2025 – 11/2025 | Adama, Ethiopia

- Completed **1000+** hours of DSA training, solved **700+** coding challenges on LeetCode  and Codeforces .

LEADERSHIP AND ACHIEVEMENT

Data Science Bootcamp Mentor & Coordinator 

- Coordinated a bootcamp with **40+ students** and mentored **3 participants directly**, guiding them through data science concepts and ensuring smooth program delivery.

Second Place - Cursor Hackathon Addis Ababa 2025 

- Worked jointly with a team to design and present an innovative project, achieving **2nd place** among **50+** participants.

Social Media Manager – CSEC ASTU 

- Led the Social Media Division at CSEC ASTU, creating content, promoting events, and supporting the graphics team.

Certificate Of Appreciation - Ethiopian Collegiate Programming Contest(ETCPC) 2024 

- Recognized as an organizer of the Ethiopian Collegiate Programming Contest.
